Tuesday 3rd April 10am-12noon

Build, hammer, construct and paint! We have a variety of timber items ready to create with and be upcycled - some may just need to be decorated with paint, or you may want to create something totally new!

(Hammer, nails + glues will be used but no power tools - items will be pre-cut and drilled)

Portrait Drawing with Isabelle

Tuesday 3rd April 1pm-3pm

This girl is SO talented!! Isabelle is one of our teen employees who will be a name to watch in the art world! Her specialty is drawing and painting faces in realism, digital, and anime/cartoon styles too. Join her in a fun workshop where you will focus on faces and learn her tips and techniques...

Monsters (Clay)

Wednesday 4th April 10am-12noon

Your monsters will be all shapes and sizes! perhaps super-scary with large teeth, or even kind-of cute perhaps!?

Draw and design your own monster - then make it in clay too.

Make an abundance of flowers big and small, and even landscape your own small garden using lots of different recycled items: paper, cardboards, plastic, wire, old records, etc.

Balls of all shapes and sizes will be our art inspiration today! -Choose a sports ball and observe how light and shadow affects the ball surface (we'll play with torches) - then learn techniques for shadows and textures so you can draw/paint your ball realistically.
