# Party themes

*The following is a list of our Standard Party themes to choose from:*

## Pandas / Penguins / Cat / Dog / Unicorn / Bird Party:

The party will be themed around one of these fun animals! Activities will include making a paper-cup puppet animal, and some extra construction and painting to suit the animal theme. Lots of fun and adaptable to all age-groups.

## Mermaid Party:

Make wooden-spoon mermads, an octopus or crab, and a painted and constructed rock-pool.

## Robots / Monsters:

Imagine and explore different types of robot or monsters and draw/design you own. Construct a 3D robot or monster using mixed materials. (monster could use clay!)

## Fashion Design:

You can pick an era/style that suits you... Drawing, and designing, and construction of an item eg. fancy hat, fan, jewellery accessory, fashion illustration or collage.

## Fireman:

Let's paint the town red! Painting and making our own wooden spoon fire-man and truck, and a cardboard city to put fires out in...

## In the Garden:

Drawing and painting flowers and plants, and making little bugs, butterflies, etc.

## Canvas Painting:

Adaptable to any painting topic the birthday child chooses! - often we'll explore a few different painting techniques and perhaps some collage onto the canvas too.

## Dinosaurs:

Paint our fabulous timber dinosaurs, find dinosaur bones, and paint or draw or pre-historic scenes.

## Fairies:

Use either collage materials OR clay to make pretty little fairies and related items. (eg. A painted/collaged fairy and a wand, or small clay fairies and a tree-stump house)

## Superhero:

Draw and design your own superhero. Paint and make a mask and a cape!

## Knights & Maidens:

Make a sword and shield, or a fair-maiden's hat. Design your own family crest and style of armour/costume...

## Preschool Paint and Play:

For young children simply a range of action-station activities may be best. Activities will include: Painting at easels, rolling-balls through paint, exploring printing, playdough and making a paper-plate or cup creature.

## Notes:

### Time schedule example of a 2-4pm party:

- 1:30pm – host parents are welcome to arrive about now to get unpacked/set-up with food and own party items (if you want to be even earlier that is fine – just let me know! – or if you are later, please aim to arrive by 1:45 as sometimes guests are early).
- 2pm – children greeting, placing presents on the table, exploring studio a bit.. tables set up for kids to start drawing..
- 2:15pm – get children settled at art table and commence art activity! – Painting work first to allow for time to dry..
- 3:00pm – if some children are getting restless at this stage, break for some party games. Serve party food, and children finish off their artworks – in which ever order seems best according to the mood of the children...
- 3:45 – serving birthday cake/sing happy birthday – getting organised to take items home, group photo!
- 4pm – party ends, hosts stay to pack-up and clear up their items. – but of course all art-activity mess is cleaned by us!

### \* **Extra people:**

Parents of the party-child and a few extra adults, siblings etc. are welcome – but children actively engaged in the artwork will be counted as a paying guest. An extra activity table is an option for younger siblings if desired...

### \*\* **Presents:**

The opening of presents is something you can choose to do at the party or not – and you simply decide when you would like this to take place - often at the end works best...

### \*\*\* **Parent supervision:**

Games, arrival and leaving of guests, eating food and going to the toilet is to be supervised by the parents – often we will take this chance to clear up art materials, give any extra help to children who need it, or fix things up.

### \*\*\*\* **Can parents do the art?:**

Parents are welcome to become involved with the art-activity and help children out, or chill-out and just observe and take photos!
